BETHEL BAPTIST ASSOCIATION.

Will Hold Its Annual Meet-
ing at Pembroke This
Week.

A TWO DAYS' SESSION

Pembroke People Will Give
Cordial Welcome to Dele-
gates and Visitors.

The annual meeting of the Bethel Baptist Association will be held at Pembroke next week, beginning Tuesday, August 8th and continuing two days. The association is made up of most of the churches of Christian county and several adjoining counties. Rev. J. S. Cheek, now of Paducah, but recently pastor of the Russellville church, is moderator, but as he has moved out of the association, a new moderator will have to be elected. Rev. H. C. McGill, of Howell, is the clerk.

The body is a strong and wealthy one and its sessions are largely attended.

The Pembroke church and the citizens generally will entertain the delegates and visitors with their usual hospitality. A large number of Hopkinsville people will attend the meetings.

CAMPING PARTY

Will Spend Some Time Near
Striped Bridge.

A party consisting of H. A. Keach and family, and C. W. Jones and family, of this city, Mack Nixon and family, of Cadiz and Mrs. Keach's guest, Mrs. F. M. Bristow, of Russellville, will go to Striped Bridge next Tuesday to spend a week or ten days in camp. Doves and squirrels are plentiful, fishing at the bridge is reported good, and a fine time is anticipated. Probably several young people of the city will join the party during their stay.

Primary Officers.

Chairman James West of the City Democratic committee has appointed the following officers of election for the primary in the Sixth ward August 15:

C. F. Lacy and Will B. Neely, judges; A. M. Cooper, clerk.

The list for the First ward was not appointed at the same time, owing to the absence of one of the candidates, no list of names having been furnished. The appointments will be made later.

If brevity is the soul of Witte, the peace conference ought to be short.

At Ship Island quarantine, 6 known cases, 4 of which are convalescent.

In Louisiana, outside of New Orleans, and not including Shreveport, 13 scattered cases, mostly convalescent.

Montgomery, Ala., 1; convalescent.

At Lumberton, Miss., 1; convalescent.

At Summerville, Miss., 1 case,

Although there was a decrease in fatalities from yellow fever in New Orleans Thursday, there was a considerable increase in the number of new cases. The authorities, however, still feel confident in their ability to cope with the plague. It was decided yesterday that a thorough campaign of city cleaning would have a fine moral effect, though the doctors do not believe it will have any direct influence upon the disease. The fact that the center of infection has been the poorest class of Italian residents seems likely to prove a powerful detriment to Italian immigration, a movement which employers of labor in the South have recently been disposed greatly to encourage.

Casky Church.

There will be regular services at the Casky Baptist Church to-morrow morning at 11 o'clock by the pastor, Rev. W. H. Vaughan. At 3 p. m. the ordination of two deacons will take place. The pastor will be assisted by Rev. W. E. Mitchell, of Pembroke church, and Rev. Grant, of Salem church. Everybody is invited.

Mrs. Georgia Williamson Cox and daughter, of Auburn, are visiting friends and relatives in the city. They are accompanied by Miss Gladys Wilson.

Cody, Wyo., Aug. 2.—Word has
just been received here that a drunk-
en driver with a six-horse coach,
loaded with tourists, drove over a
precipice in Yellowstone Park, kill-
ing three passengers and injuring
seven others. No details have been
secured, as no telephone communica-
tion exists with the part of the

have occurred.

The Wonder Sale Caps the Climax

For Tremendous Crowds and Bargain Attractions.

All the morning people have been crowding through both front and back doors for a chance at the good things. The tremendous rush of the moment of opening compelled the immediate closing of the doors, the crowd inside fairly swamping us, while the waiting crowds outside awaited their turn. We inaugurated bargain crowds in Hopkinsville 18 years ago, but this beats them all and proves the continued confidence of the people in honorable merchandising.

THREE BIG DAYS.

"Dark Tobacco Grower's Association Day," "Kentucky Day," "Tennessee Day."

Preparations have practically been completed for the opening of the Guthrie fair on August 17, and there is every indication that the fair of the present year will be one of the best attended of any ever held in the Todd county railroad center.

The fair will continue three days, August 17 having been designated "Dark Tobacco Grower's Association Day," when it is expected that every farmer in the counties adjacent to Guthrie in both Kentucky and Tennessee, who are friendly to the tobacco organization, will be present. Many of the leaders in the movement which has been so heartily endorsed by the farmers of the black tobacco district will be present on the opening day. August 18 will be "Kentucky Day," and August 19, "Tennessee Day."

A most attractive programme of races has been arranged by the fair association, in addition to the regular premium list which has been offered for horses, cattle, sheep, hogs and farm products. One of the most pleasing features of the entire programme will be three special trophies which will be offered to champion classes.

These trophies will be solid silver cups valued at \$25 each, and will be presented by the Bank of Guthrie, Hotel Wh. low, of Guthrie, and the fair association for the best saddle and harness gelding, mare and foal respectively. These classes represent the best, or sweepstakes competition. The contests are open to the world, nothing barred, and carry with their award the championship in each event. The championship cups are to be the property of the fair association, will be contested for until they are won twice—although not necessarily in succession—by the same contestants, after which they become the personal property of the winner. The regular racing programme provides a aggregate of \$2,000, and offers a variety of contests, will please every lover of horseflesh. There will be both running and harness races. The fair association has made the strictest of rules regarding gambling and objectionable conduct, which will be rigidly enforced, so that there will be nothing to mar the success of the fair.

MARSH'S FORECASTS.

Intense Heat and Copious Rains During the Month.

According to Marsh, the Ohio weather prognosticator, we are to have some very warm weather during August, but the waves will be relieved by copious rains.

He predicts generally fair and hot weather from the 4th to the 6th. Between the 7th and 9th, storms and general rainfall over the greater portion of the country. From 10th to 12th generally fair and hot over the country. During the period between the 13th and 16th there will be considerable rain, accompanied by high winds, most severe on the waters. Look for thunderstorms and cyclonic conditions, causing damage to crops. From the 17th to the 21st, fair and warm. From the 21st to the 31st almost continuous storms will prevail, causing much damage in many sections of the country.

Intense heat, relieved by heavy rains, hail and wind storms, will prevail during the month. The month will end with general storms in all sections of the country.

PROF. ALEXANDER

Goes From Kentucky to Mississippi to Teach.

Prof. W. H. Alexander, who formerly taught in the public schools here, has gone to Lexington, Miss., to take a similar position in the public schools of that place. Prof. Alexander went from here to Paducah and taught in that city about three years. He recently attended the summer normal school of the University of Chicago, but did not apply for his old position in Paducah as he was chosen for the Lexington place several months ago.

Cholera has broken out in British India, the death rate being 0.97 per thousand.

IMPROVEMENTS, PROSPECTIVE, COMPLETED.

Local Contractors Are Being Rushed With Contracts Now.

NO IDLE HELP HERE.

Big Rush to Complete All Work Before Cold Weather.

The Kentuckian a month since contained an article in which an effort was made to give its readers an idea of the magnitude of the building operations going on here, with the assertion that there is not a city in the State of approximate population making as many improvements as the "Pearl of the Pennywile." The assertion has not been controverted. Below we give a partial list of improvements contemplated and completed.

Mr. James L. Long, the architect, has kindly furnished the list below, to which many more could be added.

The "Indicates that Mr. Long is the architect of the building.

The residence of Mrs. Lula R. Shelby adds greatly to the appearance of South Main street. This is a two-story frame structure with a colonial front and two story portico supported by heavy columns. The main reception hall will be 24x15 feet and the entire interior will be finished in hardwood. The residence will cost \$5,500. It will be ready for occupancy by the 10th inst. Messrs. Hester & Thompson did the work.

Mr. Long has prepared plans for a triple-storey building for Mr. W. R. Keil at Princeton. It will be 45x70 and will contain three 20-foot store rooms. The front will be of cut stone and red and buff pressed brick. It will be heated with stoves; Carey gravel roof, and street side will be of red brick.

The residence of Miss Anna Trice, on South Main street, will be another very handsome edifice. It will be of the Queen Anne style and will be of solid stone, two stories in height. It will be finished in hardwood, heated by hot water and contain all the modern conveniences. It will cost \$7,000. Mr. J. H. Dagg is doing the work and superintending it. Mr. L. H. Davis has the stone contract.

We understand that Mr. John G. Ellis will erect his Apartment House this fall.

The residence of Mr. J. W. Stowe, on South Main street, has been completed. It is a well arranged building and has all modern improvements.

Messrs. C. G. Duke & Sons and Hester & Thompson have the contract for the residence of Dr. R. L. Woodard. It will be a two-story concrete block 35x35, cost about \$3,500. The foundation is completed.

Architect Val P. Collins has accepted the foundation of the Y. M. C. A. building and work will be completed rapidly. Messrs. C. G. Duke & Sons and Hester & Thompson have the contract.

The Forbes Mfg. Co. are putting up the stone front for the City Bank. The interior will be remodeled, making it one of the handsomest banks in the state. Look for thunderstorms and cyclonic conditions, causing damage to crops. From the 17th to the 21st, fair and warm. From the 21st to the 31st almost continuous storms will prevail, causing much damage in many sections of the country.

The frame work of Dr. F. P. Thomas' residence, on South Main street, is about completed, and the rest of the building will be pushed to completion. Messrs. Hester & Thompson have the contract. Cost about \$3,500.

The office building of Dalton Bors. is nearing completion. It will be one of the handsomest of its kind in the city. Mr. A. B. Benton is superintendent.

The sanitarium is ready for the slate roof. It is Hopkinsville's first hollow concrete house, and will be one of the handsomest buildings in the city when completed. Duke & Sons have the contract.

The Forbes Mfg. Co. are rapidly nearing the completion of one of the buildings for the Imperial Tobacco Co., on the West side of the L. & N. railroad, between 2nd and 3rd streets. Mr. H. J. Blauvelt of Washington & Richmond is architect and Mr. W. A. Long is superintendent.

The Forbes Mfg. Company will have the Seventh street school building ready by Sept. 1st.

The lumber plant of Messrs. Deering, Frank & Lewis is being fitted up and they will probably be ready for fall for estimates on all kinds of lumber.

Nothing has been seen of the

American Snuff Co.'s plans as yet. Mr. G. B. Wilson, of Clarksville, is making the plans.

It is reported that Mr. J. F. Pyle will erect a two-story frame residence, to cost \$4,000, on the Phipps farm near the city.

The new L. & N. freight depot is being pushed and is rapidly nearing completion. This structure is 50x200 feet, taking up half a square and will cost when completed about \$20,000. It is built of brick, stone, trimmings and slate roof and will be one story in height except at the front on Ninth street, which is two stories in order to accommodate the offices for the local employees of the road. It will be finished in hard wood, fitted with dumb waiters, concrete floored basement, etc., making it a thoroughly up to date building. A special feature of the building will be the loading shed, this being fitted with sliding steel curtains which can be lowered for protection during bad weather, but which when not needed can be rolled up in the same manner as a roller top desk. The Forbes Manufacturing Company have the contract.

OUT OF TOWN CONTRACTS.

Messrs. Forbess Mfg. Co. are at work on a residence for Mr. Neal Glenn, at Springfield, Tenn. Mr. John Waller is superintendent.

Work is being pushed upon the frame church for the Christian congregation of Hanson, Ky.

Mr. J. B. Carter, of Pembroke, has not let the contract for his two-story residence as yet. Messrs. C. G. Duke & Sons are figuring on concrete for it.

* Plans are being prepared for a frame cottage for Dr. J. G. White, of Cerulean. It will be 40x50, with five rooms. It will be similar to the residence of Mr. Gabe Payne on East Seventh street.

Long has prepared plans for a triple-storey building for Mr. W. R. Keil at Princeton. It will be 45x70 and will contain three 20-foot store rooms. The front will be of cut stone and red and buff pressed brick. It will be heated with stoves; Carey gravel roof, and street side will be of red brick.

Messrs. C. A. Cundiff & Co. of Nortonville, have the contract for the three-story dormitory of Vanderbilt Training School at Elkhorn. The price was \$3,000.

The Forbes Mfg. Co. have the contract for a two-story frame residence for Mr. E. P. Bell near Trenton. Price \$4,980. Work will be commenced Monday, to be completed by November 1st. Mr. Long was architect.

* Messrs. Hester & Thompson have the contract for a two-story frame residence for Mr. Wallace F. Boyd near Church Hill. Price \$3,045.

LEGAL SEPARATION

Granted Mr. Bresee From His Wife.

The Baltimore, Md., News says that Stewart F. Bresee, of near Orange, Va., has been granted a divorce from his wife, who was formerly Miss Helen Hurt of this city. Mr. Bresee and Miss Hurt were married in Louisville about twelve years ago. They lived in Baltimore until the death of Mr. Bresee's father, when they moved to Rapidan, Va. Abandonment was the allegation. Mr. Bresee was given the custody of the elder son, aged eleven years, and Mrs. Bresee was allowed the other child. He is also to pay his wife \$100 a month unless she should marry.

NEVER SAW THE LIKE OF IT BEFORE.

3,500 Or 4,000 People Were
at Gracey's Big
Barbecue.

ORATORY GALORE,

While Belles and Beaux Seek
Shady Nooks and Talk of
"Trusts" of Their Own.

Thursday, August 3d, will be a historical day with our little neighbor, Gracey, and if the crowd that gathered there is an index as to the opinion of the people, everybody belongs to or would belong to the Tobacco Growers Association.

People swarmed in from every point of the compass. Trains carried them in by the hundreds, some went vehicles, others horseback and others living near walked. Hopkinsville was there, two trains loaded to the guards—even the baggage car was packed, while a large number drove through. Henderson, Madisonville, Trenton, Princeton, Clarksville, Pembroke—well, it would be hard to tell where the people didn't come from. But they "got there" from everywhere. The crowd has been estimated at from 3,000 to 5,000, but it might be safe to say that 3,500 people were in attendance, and hereafter the Graceyites will date everything from the "big barbecue."

In the morning the gathering was addressed by Hon. John Allen, of Clarksville. Mr. Allen is an aged man and has lived through many changes in the tobacco interests; has seen the farmer get a remunerative price for his weed as well as his warehousemen who sold tobacco for him a good living for himself; has seen the warehouses closed and the tobacco raiser reduced almost to want because prices had been squeezed down to the minimum by the trust that has had the honest farmer by the throat already too long. He believes that the day of final account has arrived and that the Tobacco Association is the only remedy for existing evils. The farmer must "work out his own salvation."

Mr. W. W. Radford, the chairman of the County Executive Committee, addressed his fellow farmers. He received the most earnest attention as he laid before the farmers facts demonstrating the great need of self-protection and the folly of their raising crop after crop of tobacco for the use of the tobacco trust at a price that absolutely will not pay for the cost of production.

Mr. C. P. Warfield, of Clarksville, also laid before the people the great need of shielding themselves from further aggressions of their arch-enemy. He urged upon every member of the Association to remain true to the compact into which he had entered and use all his persuasive powers to bring his neighbor into the fold that is sheltered by the tobacco Association.

After partaking of the feast that had been prepared under the management of the barbecue committee, Hon. J. W. Gaines of Tennessee, spoke at length and convincingly of the day of every raiser of tobacco to go into the organization, which has but one object, the self protection of the farmer against the inroads of the trust, which at this time has almost brought him to abject want. His revelations of the modes of the trust, the unanimous passage of the tobacco bill by a Republican Congress, and his denunciation of the man who goes into the Tobacco Growers' Association and deliberately violates his pledge received the utmost attention and cannot fail to strengthen the Association—not only by the accession of the farmers, but will cause any who might be weakening to remain firm.

Congressman A. O. Stanley, of Henderson, followed in one of the most convincing arguments of the day. He gave an array of facts and figures outlining in brief the growth of the tobacco trust—from the time the great Duke saw his palace window what Rockefeller had done for the oil industry of our

country and his being at that moment inspired to do the same thing for the tobacco interests, on up to his being the cause of one honest factory going to the wall, and then another and so on until everything dropped into the grasp of the tobacco trust. He held up in no enviable light the many oppressive acts of the trust, and bringing into play his power of eloquence so engrossed the attention of his hearers that the remarks of Mr. Stanley will remain in their memory, impelling them to do their duty and endeavor to build up the organization.

SCRAPS.

The young men and their girls had the time of their lives, though hoping for still better. Many a shaded and secluded nook was found, and doubtless there are other "trusts" to be formed.

Everybody was happy and full of barbecued meat, enthusiasm and dust.

The red lemonade men did a land office business.

Two hogheads of baker's bread were sent from Hopkinsville, and 71 carcasses were barbecued.

It was grand to watch the young fellows lead off a bevy of young ladies with a big watermelon. And what a time they had.

There were but few men to be seen—mostly young fellows—and the best of order was obtained.

Everybody was happy and in a good humor and enjoyed to the fullest the day's outing.
